- React.js Course (Platzi)
- [More Courses here](#)

About me

I'm Tomás, a passionate Argentine Front-End Developer. At 15, I already have experience creating my school's website. I work with HTML, CSS, JavaScript, TypeScript, and technologies like React, React Native, and Next.js.

Experience

➤ School Landing Page:

I designed and created a functional website for my school, using technologies like HTML, CSS, and JavaScript. This experience allowed me to delve into the world of web development and enhance my skills in design and programming.

➤ Participation in Informatics Olympiads

I am an active participant in the Informatics Olympiads, which has given me the opportunity to solve challenging programming problems and strengthen my development logic.

➤ Development of an application for an English Institute

I designed and developed an application with functionalities similar to Duolingo for an English institute. This experience allowed me to apply my programming skills to create a practical and functional solution.

Tech Stack

- HTML
- CSS
- JavaScript
- TypeScript
- React
- React Native
